**(SEE REVERSE FOR MORE INFORMATION ON THE PREVNet BOOK SERIES)**

The 4<sup>th</sup> volume in the PREVNet series, **Healthy Development, Healthy Communities** is now available.

We have again chosen to self-publish and substantially reduce the retail price for the book so that it will be accessible to a broader audience.

Leading Canadian scholars and practitioners have contributed their most current research findings to this volume. Their chapters provide understanding and guidance to help readers consider their roles in shaping healthy relationships and supporting healthy development in all the places where children and youth are found.

The book is available through PREVNet for \$25.00 (includes shipping).

If you are interested in ordering the book, please complete the form on the reverse side and send to our administrative office.

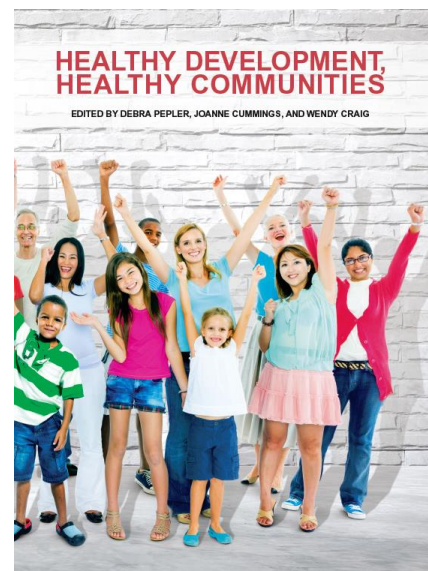

Thank you for joining us in Promoting Relationships and Eliminating Violence for all Canadian children and youth!
